Golden Retriever Owner Cheat Sheet

Exactly what your Golden needs at every stage (in 60 seconds)

FEEDING, SLEEP & CARE BY AGE

How much to feed (visual)

Each block ≈ 1 cup | Solid = typical | Faded = flexible / split meals

Typical large-breed kibble. Confirm with your vet.

Most searched question 👇

Puppy	1	2	**3**		3–4 meals | **~2–2.5 cups total**
Teen	1	**2**	**3**		2–3 meals | **~2.5–3.5 cups total**
Adult	**1**	**2**	**3**	4	2 meals | **~3–4 cups total**
Senior	**1**	**2**	3		2 meals | **adjust to body condition**

🐶 Puppy (0–6 months)

Most work

Meals: 3–4x daily

Sleep: 18–20 hrs

Exercise: Short play, no forced jumps

Sessions: 5–10 min

Daily rhythm: Eat → nap → play

⚠️ BIGGEST MISTAKE

Too much exercise OR no socialization

⚡ Teen (6–12 months)

Most frustrating

Meals: 2–3x daily

Sleep: 14–18 hrs

Exercise: Build gradually

Walks: 20–40 min

Daily rhythm: Eat → train → exercise

⚠️ BIGGEST MISTAKE

Treating them like a full adult

🏃 Adult (1–7 years)

Most stable

Meals: 2x daily

Sleep: 12–14 hrs

Exercise: 1–2 hrs daily

Daily rhythm: 2 meals + activity blocks

⚠️ BIGGEST MISTAKE

No mental work + overfeeding

🧓 Senior (7+ years)

Most overlooked

Meals: 2x daily (adjust)

Sleep: Increased rest

Exercise: Short, low-impact

Daily rhythm: Gentle routine + rest

⚠️ BIGGEST MISTAKE

Ignoring stiffness signs

What most owners struggle with

Puppy

Accidents, chewing, fear

Teen

Testing limits, selective hearing

Adult
Weight gain, boredom

Senior
Joint pain, lumps
